Section 2.2 Capital Commitment. The Company will develop, construct and equip the Project as it deems necessary and appropriate, in its sole discretion, so as to be suitable for the operation of the Project, and in connection therewith shall invest \$142,000,000 of Capital Costs by no later than 18 months after the Commencement of Operations (the "Capital Commitment"), as such time may be extended or relieved for Force Majeure and Local Authorities Event of Default as provided herein.

Such certification shall be in the form of **EXHIBIT D** hereto and provide the employment level (the "Certified Employment Level") and Average Hourly Wage (the "Certified Average Wage") so certified by the Company for such Project Year. For each of Project Years 2 through 12, the Company's Certified Employment Level shall be equal to the number of Full-Time Employees employed at the Project Site as of the end of such Project Year. Upon request from the Local Authorities, the Company shall supply reasonable supporting information and materials to verify its certification within 30 days of such a request.

Section 2.4 Additional Obligations and Commitments.

(a) The Company hereby covenants and agrees to cause any construction activities regarding the Project to be conducted in compliance with all applicable laws, ordinances, rules and regulations of any governmental authority, including, without limitation, all applicable licenses, permits, building codes, restrictive covenants, zoning and subdivision ordinances and flood, disaster and environmental protection laws. The Company shall require any architect, general contractor, subcontractor or other business performing any work in connection with the Project to obtain all necessary permits, licenses and approvals to construct the same.

(b) At all times during the Term, the Company shall be in material compliance with all applicable laws, ordinances, rules and regulations of the City and the County and, further, shall be current in payment of any and all taxes, fees, and other charges imposed by the City, the County and all local government entities unless such payments are the subject of a bona fide dispute and are being challenged by the Company.

(c) Notwithstanding the foregoing, the Local Authorities recognize that their offer to provide assistance and cooperate with the Company in connection with permitting and licensing for the Project, including waiver of permit fees, expediting of inspections for necessary permitting and providing guidance on local permitting and licensing requirements, is a material commitment and there shall be no default by the Company under this Section 2.4 or under this Agreement, if the alleged default under this Section 2.4 is attributable to, in whole or in part, the failure of the Local Authorities to fulfill their commitments to provide such assistance and

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

to cooperate with the Company in obtaining such approvals, or where the alleged default by the Company is non-material to the Project and procedural in nature.

Section 2.5 Conditions to Company Commitments and Obligations

(a) As set forth below in Article VI, and for the avoidance of doubt, the Local Authorities acknowledge and agree that the Company's decision to locate the Project in the City and in the County and to undertake the commitments and obligations hereunder were made subject not only to the delivery of the incentives set forth herein by the Local Authorities, but also were made subject to the provision of incentives to be provided by the State. In the event of the State's material default of its obligations to the Company, which default shall have continued for a period of 60 calendar days after written notice thereof from the Company to the State (delivered in the manner set forth in the State Project Agreement) and the Local Authorities, the Company may, upon written notice to the Local Authorities after the conclusion of such 60 calendar day period, suspend its commitments to the Local Authorities without risk of default under this Agreement or any Exhibit hereto (including without limitation the Company Note and the Mortgage), or other penalty to the Company, until such time as: (i) the State's material default has been corrected and the State incentives are fully restored; (ii) the State and the Company reach a mutually agreeable alternative agreement regarding the State incentives; or (iii) the Local Authorities and the Company reach mutually agreeable alternative terms on the Company's commitments hereunder. During the period of default by the State, the Company's job, wage and investment commitments hereunder shall be deemed suspended and waived (but not extended), for the period of the default, and the Local Authorities' right to recapture under Article IV shall be deemed suspended and waived (but not extended). In the event the Company meets its commitments hereunder during the period of default by the State, nothing herein shall be construed to affect the Company's right to pursue, apply for and receive the incentives set forth herein during the period of default. Moreover, unless otherwise agreed to in writing by the Company, the Company's commitments hereunder shall not be extended during the period of default. Rather, the Company's job, wage, and investment obligations hereunder shall be deemed suspended and waived for each day of default.

(b) Notwithstanding anything to the contrary in this Agreement, the Parties agree that if the Company's failure to achieve its commitments under this Article II is due to events beyond the reasonable control of the Company (a "Force Majeure Event"), then the Company shall not be deemed in default under this Agreement, or any Exhibits hereto (including the Company Note or the Mortgage), as a result of such failure, and any time for performance of the impacted commitments shall be extended by the period of delay resulting from such cause, or adjusted as otherwise agreed by the Parties. If the Company is claiming a delay pursuant to this Section 2.5(b), it shall promptly notify the Local Authorities of the claim and the anticipated duration of the delay. For purposes of this section, a "Force Majeure Event" includes any acts of God, weather, lightning, earthquakes, fires, storms, tornados, floods, or other event beyond the reasonable control of the

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Company, which by the exercise of due diligence, the Company is or would have been unable to prevent or overcome.

(c) With respect to the incentives set forth in Sections 3.6 and 3.7 below, the Company shall receive, at its option and with the City and the County's cooperation, prior to signing this Agreement, a written affirmation of those commitments that is satisfactory to the Company, in its sole discretion, from:

(i) Athens Utilities and the Limestone County Water and Sewer Authority affirming the incentives that were offered to the Company through the City as reflected in the Commitment Letters, and

(ii) the IDB affirming that the Company shall receive the maximum abatement allowable under Alabama law of ad valorem taxes, sales and use taxes, and mortgage and recording taxes with respect to the Project.

ARTICLE III LOCAL AUTHORITIES INCENTIVES

Section 3.1 The Project Site. In consideration of the Company locating its industrial operations on the Project Site as aforesaid, making the capital investment to develop, construct and equip the Project, and hiring employees at the levels, and for the minimum Average Hourly Wage, as set forth in this Agreement, the City shall convey the Project Site to the Company by statutory warranty deed, the form of which is attached hereto as **EXHIBIT E** (the "Deed"), for \$10.00. The Company shall cover all costs related to the transfer, including without limitation any and all closing costs, taxes and recording costs. The Company shall bear the costs of any new Phase I Environmental Site Assessment, title insurance policy and survey that the Company shall elect to conduct on the Project Site. Title to the Project Site shall be conveyed to the Company subject only to those certain title exceptions which have been mutually agreed to and listed in **EXHIBIT F** attached hereto (the "Permitted Exceptions"). On the Project Site Possession Date, the City shall deliver exclusive possession of the Project Site to the Company. Notwithstanding the foregoing, nothing herein shall be construed to be a waiver by the Company of its right to refuse to close and accept the transfer of the Project Site if due diligence of the Project Site reveals defects in the Project Site that, in the Company's sole and absolute discretion, make the Project Site unsuitable for the Project. The Company shall have until January 30, 2015 to review the due diligence information and to notify the City in writing that it will not close on the transfer of the Project Site; provided, however, that the Mayor, acting on behalf of the City, and the Chairman of the Limestone County Commission, acting on behalf of the County, are hereby authorized and directed to execute a written instrument extending such date up through and including February 27, 2015 that is mutually agreed to by the Company.

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Section 3.2 Roadway Improvements. The City hereby agrees to provide, at no cost to the Company, the public roadway improvements set forth and described in **EXHIBIT G** (the "Roadway Improvements"). The City shall use its commercially reasonable efforts to cause the timely implementation and completion of the portion of the Roadway Improvements designated in green in **EXHIBIT G** by September 1, 2015 and the remaining portion of the Roadway Improvements designated in red in **EXHIBIT G** by December 31, 2016. During construction of the Roadway Improvements, the City agrees not to impede the Company's reasonable continuous access to the Project Site from the Project Site Possession Date until completion of construction of the Roadway Improvements. Notwithstanding anything to the contrary in this Agreement, the Parties agree that if the Company's failure to perform its obligations under Article II is due to the City's construction efforts respecting the Roadway Improvements impeding the Company's access to the Project Site during their construction, then the Company shall not be deemed in default under this Agreement, or any Exhibits hereto (including the Company Note or the Mortgage), as a result of such failure (such unperformed obligations of the Company to be deemed suspended and waived for the period of delay), and any time for performance of the unperformed obligations shall be extended by the period of delay resulting from such cause, or as otherwise agreed by the Parties. The Local Authorities' right to recapture under Article IV shall be deemed to be suspended and waived for the length of the delay.

Section 3.3 Temporary Office and Training Space. The Parties understand the importance of, and wish to promote, the provision of a positive and conducive work environment during the Project's construction. Accordingly, the County commits to make available up to \$1,000,000 (the "County Commitment") to the Company to reimburse the Company for costs incurred for temporary office and training space and related costs. The County Commitment shall be payable in five annual installments of up to \$200,000 (each, a "County Commitment Payment"). To request payment of a County Commitment Payment, the Company shall submit to the County a request for payment using the form attached hereto as **EXHIBIT H** (a "Request for Payment"). Each Request for Payment shall be accompanied by reasonable supporting information and materials as would enable the County to confirm that the expenditures for which reimbursement is sought were incurred by the Company for temporary office and training space and related costs. Each County Commitment Payment shall be made available within 30 days of receipt of the corresponding Request for Payment; provided, however, that the first County Commitment Payment shall not be made available before the date upon which the Company Commences Operations at the Project and each County Commitment Payment thereafter shall not be made available before the applicable annual anniversary of the date upon which the Company Commences Operations at the Project.

Section 3.4 Waiver of Permit Fees. The City hereby agrees to cause to be waived grading and building permit fees charged by the City and referable to construction of the Project, and the County agrees that it will not require a permit or assess permit fees in connection with the construction of the Project.

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Section 3.5 Permit Assistance and Expedited Inspection. With the mutual understanding that time is of the essence on the Project, the City hereby agrees (a) to issue the grading permit within 2 business days after the Company's submittal of (i) site plan drawing; (ii) site grading drawing with storm water utility plan; (iii) storm water pollution prevention plan drawing with detail sheet, (iv) site detail cross-section and elevation drawing; (v) general notes and specifications; (vi) cover sheet; and (vii) water detention and pond calculations and (b) to issue the building permit within 5 business days of the Company's submission of the full architecture and engineering plans for the Project, provided such architecture and engineering plans are submitted in accordance with International Building Code 2003. The City will also assign a single-point of contact to the Project to assist the Company and its agents with all coordination, permitting, and inspections for the Project. Furthermore, the City agrees to accept and process the Company's grading permit application in accordance with this Section 3.5 when it is completed and submitted by the Company even if the submission occurs and the granting of the of grading permit would predate the closing on the Project Site. In such case, the City may condition the grading permit upon the Company closing on the Project Site.

Section 3.6 Utilities Assistance. The City shall, acting both independently and by and through Huntsville Utilities, at no cost to the Company, provide "point of service" sewer and natural gas connections at locations on the Project Site and by a date mutually agreed to by the Parties. The connections shall be sufficient in quality and capacity to meet the current and future expansion needs of the Project, as determined by the Company, and which minimize the cost of on-site efforts and cost by the Company during construction, operation and for future expansion of the Project. The City and the County shall use their commercially reasonable efforts to cause Athens Utilities and the Limestone County Water and Sewer Authority to provide their respective utilities in the manner previously committed and known to the City and the County, and stated in writing in the commitment letters that were provided to the Company through the City (the "Commitment Letters"); provided, that the Parties understand and agree that the City and the County have no legal authority to require Athens Utilities and Limestone County Water and Sewer Authority to act. In the event that either utility delays fulfilling its commitment relating to the Project under these Commitment Letters and that delay impacts the Company's Commencement of Operations, the Company's obligations to the City and County shall be suspended and obligations hereunder shall be suspended for the period of the delay.

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Section 3.7 Local Sales and Property Taxes. The Local Authorities have further agreed that purchases of construction materials and equipment for the Project shall qualify for a 100% abatement of the non-educational portion of the local sales tax. Furthermore, the Project shall qualify for a 10-year abatement on the non-educational portion of the ad valorem taxes on real and personal property included in the Project. It is further understood that in the event of a change in the applicable Alabama tax laws, rules or regulations, or their administration, that has a material adverse effect on the Company's ability to receive these abatements under Alabama law, the City and the County will support legislation or changes to the administrative rules to grandfather the Company's investment in the Project in order to put the Company in the same position with regard to the qualification for this abatement as under the existing law as of the date of this Agreement and in accordance with this Section 3.7. In the event that legislation or administrative rules exempting the Project is not achieved or the tax abatements are not granted to the Company as contemplated herein, the Local Authorities agree to negotiate in good faith, as permitted by law, toward a non-cash incentive to mitigate the loss of these tax benefits to the Company provided that real and personal property are included in the abatement agreement and any amendments to the abatement agreement.

Section 3.8 Project Site Due Diligence. The City has conducted due diligence at the Project Site consisting of: (a) a Phase I Environmental Site Assessment respecting approximately 465 acres of the Project Site, dated October 28, 2014 (the "October 2014 Phase I"), (b) a supplement to the October 2014 Phase I, dated January 8, 2015 (the "October 2014 Phase I Supplement"), (c) a Phase I Environmental Site Assessment respecting approximately 39 acres of the Project Site, dated January 16, 2015 (the "January 2015 Phase I", and together with the October 2014 Phase I and the October 2014 Phase I Supplement, the "Current Environmental Due Diligence Documents"), (d) a geotechnical report, dated October 10, 2014, (e) a preliminary ALTA Survey, dated January 16, 2015, (f) a final ALTA Survey, dated January 22, 2015, and a topographic survey, dated January 22, 2015, and true, correct and complete copies of such items have been made available to the Company. ARTICLE IV RECAPTURE OF THE CITY INCENTIVES BY THE CITY

Section 4.1 Company Note. To secure the full and timely performance by the Company of the Jobs Commitment and the Capital Commitment, the Company shall issue a \$14,500,000 promissory note, to the City, in the form and on the terms, of the promissory note which is attached hereto as **EXHIBIT I** (the "Company Note"). The Company Note shall be dated of even date with the Deed.

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Section 4.2 Mortgage. Payment of the Company Note shall be secured by a first-priority mortgage, the form of which is attached hereto as **EXHIBIT J** (the "Mortgage"), granted by the Company for the benefit of the City, encumbering the Project Site and any buildings, fixtures or improvements located thereon but specifically excluding any personal property of the Company. The Company shall not cause or permit the imposition or creation of any lien (other than the lien for ad valorem taxes not yet due and payable) upon the Project Site that has priority over the Mortgage (a "Prohibited Encumbrance"), without first obtaining the City's written consent. The Company hereby covenants and agrees to cause any Prohibited Encumbrance to be removed within 90 days of the creation thereof.

Section 4.3 Non-Relocation and Reinstatement. The Company hereby understands, acknowledges and agrees that the commitments of the City herein stated are being made primarily to realize the growth in employment including, without limitation, the creation of jobs as herein described at the Project Site, and that such objectives would not be fully realized should the Company close or relocate substantially all of its operations from the Project Site during the Company Note Period. If the Project is closed (other than to complete renovations, restoration or repairs) or the Company relocates operations conducted at the Project to a location outside the corporate limits of the City prior to the end of the Company Note Period and before satisfying the Jobs Commitment, and provided there has been no Local Authorities Event of Default or a material default by the State under that certain Project Agreement, by and between the State and the Company, dated January 8, 2015 (the "State Project Agreement"), then any Company Payments (as defined in the Company Note) that have been previously forgiven shall be reinstated as provided in the Company Note.

ARTICLE V CONDITIONS PRECEDENT

Section 5.1 Conditions Precedent to the Obligations and Commitments of the Local Authorities. Anything in this Agreement to the contrary notwithstanding, the Local Authorities shall not be obligated to perform their obligations hereunder, until:

- (a) The City shall have obtained fee simple title to the Project Site; and
- (b) The Local Authorities shall have received the Company's executed counterpart of this Agreement, the Company Note, and the Mortgage, duly executed by a duly authorized officer of the Company by January 30, 2015; provided, however, that the Mayor, acting on behalf of the City, and the Chairman of the Limestone County Commission, acting on behalf of the County, are hereby authorized and directed to execute a written instrument extending such date up through and including February 27, 2015 that is mutually agreed to by the Company.

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Section 5.2 Conditions Precedent to the Company's Obligations.

Anything in this Agreement to the contrary notwithstanding, the Company shall not be obligated to perform its obligations hereunder, until:

(a) The City shall have delivered to the Company the Deed in accordance with the terms of this Agreement on or before February 2, 2015 or at a later closing date selected by the Company but no later than February 13, 2015;

(b) Each Local Authority shall have delivered to the Company an executed counterpart of this Agreement, duly executed by its respective duly authorized officer by January 30, 2015; provided, however, that the Mayor, acting on behalf of the City, and the Chairman of the Limestone County Commission, acting on behalf of the County, are hereby authorized and directed to execute a written instrument extending such date up through and including February 27, 2015 that is mutually agreed to by the Company;

(c) On or before the Project Site Possession Date, the Company shall have received an irrevocable commitment from Commonwealth Land Title Insurance Company to issue to the Company a standard owner's policy of title insurance (the "Title Insurance Policy") in an amount and containing those endorsements designated by the Company, and otherwise in form and substance acceptable to the Company;

(d) The City shall have delivered to the Company the Phase II Document; and In the event that all of the conditions set forth in this Section 5.2 shall not have occurred by April 1, 2015 (the "Outside Date"), then this Agreement shall terminate and be of no further force and effect, without any liability of any Party hereto to the other, unless the same is extended per written instrument executed by the Mayor, acting on behalf of the City, the Chairman of the Limestone County Commission, acting on behalf of the County, and the Company's Chief Executive Officer (or any other authorized officer), acting on behalf of the Company, in which case the "Outside Date" shall be the last day of such extension. The said Mayor and said Chairman are hereby authorized and directed to execute any such extension up through and including April 1, 2015.

ARTICLE VI EVENTS OF DEFAULT AND REMEDIES

Section 6.1 Events of Default by the Local Authorities.

(a) Any one or more of the following shall constitute an event of default by the Local Authorities under this Agreement (a "Local Authorities Event of Default") (whatever the reason for such event and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

(i) the City shall fail to deliver the Deed or any other document contemplated in this Agreement to the Company as required under this Agreement;

(ii) the dissolution or liquidation of any Local Authority, or the filing by any Local Authority of a voluntary petition in bankruptcy, or any Local Authority seeking or consenting to or acquiescing in the appointment of a receiver of all or substantially all of its property, or the adjudication of any Local Authority as a bankrupt, or any assignment by any Local Authority for the benefit of its creditors, or the entry by any Local Authority into an agreement of composition with its creditors, or if a petition or answer is filed by any Local Authority proposing the adjudication of the Local Authority as a bankrupt or its reorganization, arrangement or debt readjustment under any present or future federal bankruptcy code or any similar federal or state law in any court, or if any such petition or answer is filed by any other person and such petition or answer shall not be stayed or dismissed within 60 days;

(iii) failure by any Local Authority to perform or observe any of its agreements or covenants contained in this Agreement, which failure shall have continued for a period of 60 calendar days after written notice thereof from the Company, unless (A) the Company shall agree in writing to an extension of such period prior to its expiration, or (B) during such 60-day period or any extension thereof, the Local Authority has commenced and is diligently pursuing appropriate corrective action; or

(iv) failure by the State to perform or observe its material covenants, agreements or payment obligations in accordance with the State Project Agreement, including any cure period provided therein. Notwithstanding the foregoing and provided that there is no dispute over the State's obligation to pay the Company, if failure by the State is limited solely to the timely payment to the Company, there shall be no Event of Default under this provision unless the State delay in making payment exceeds 180 days after request for payment by the Company.

(b) During any period after the Company has provided written notice to a Local Authority specifying the existence of a Local Authority Event of Default and during which the Local Authority has failed to cure said Local Authority Event of Default to the reasonable satisfaction of the Company, the Company shall not be required to perform any obligation hereunder and shall not suffer any penalty or be deemed to be in breach under this Agreement or any Exhibits hereto (including without limitation the Company Note and the Mortgage). During the period of a Local Authority Event of Default, the Company's job, wage and investment commitments hereunder shall be deemed suspended and waived (but not extended) for the period of the Local Authority Event of Default, and the Local Authorities' right to recapture under Article IV shall be deemed suspended and waived (but not extended). In the event the Company meets its commitments hereunder during the Local Authority Event of Default, nothing herein shall be

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

construed to affect the Company's right to continue to apply for and receive the incentives set forth herein during the period of the Local Authority Event of Default in the ordinary course. Moreover, unless otherwise agreed to in writing by the Company, the Company's commitments hereunder shall not be extended during the period of the Local Authority Event of Default. Rather, the Company's commitments hereunder shall be deemed suspended and waived for each day of the Local Authority Event of Default. Notwithstanding the foregoing, if a Local Authorities Event of Default occurs, the Company shall have available to it all rights and remedies, both legal and equitable, provided by law (including without limitation specific performance or mandamus); provided, however, the Company shall not be entitled to any punitive, incidental or consequential damages, whether arising at law, in equity or otherwise.

Section 6.2 Events of Default by the Company.

(a) Subject to Section 2.5 and in the absence of a Local Authorities Event of Default or a material default by the State under the State Project Agreement, any one or more of the following shall constitute an event of default by the Company under this Agreement (a "Company Event of Default") (whatever the reason for such event and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(i) at any time prior to the completion by the Company of its obligations and commitments hereunder, the Company is dissolved or liquidated, or the filing by the Company of a voluntary petition in bankruptcy, or the Company seeking or consenting to or acquiescing in the appointment of a receiver of all or substantially all of its property, or the adjudication of the Company as a bankrupt, or any assignment by the Company for the benefit of its creditors, or the entry by the Company into an agreement of composition with its creditors, or if a petition or answer is filed by the Company proposing the adjudication of the Company as a bankrupt or its reorganization, arrangement or debt readjustment under any present or future federal bankruptcy code or any similar federal or state law in any court, or if any such petition or answer is filed by any other person and such petition or answer shall not be stayed or dismissed within 60 days;

(ii) failure by the Company to perform or observe any of its agreements or covenants contained in this Agreement, which failure shall have continued for a period of 60 calendar days after written notice thereof from the Local Authorities, unless (A) the Local Authorities shall agree in writing to an extension of such period prior to its expiration, or (B) during such 60-day period or any extension thereof, the Company has commenced and is diligently pursuing appropriate corrective action; or

(iii) an event of default under the Company Note.

(b) During any period after the Local Authorities have provided

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

written notice to the Company specifying the existence of a Company Event of Default and during which the Company has failed to cure said Company Event of Default to the reasonable satisfaction of the Local Authorities, the Local Authorities shall not be required to perform any obligation hereunder and shall not suffer any penalty or be deemed to be in breach under this Agreement or any Exhibits hereto (including without limitation the Company Note and the Mortgage). If a Company Event of Default exists, the Local Authorities shall have all rights and remedies available to it under the Company Note and the Mortgage, along with all rights and remedies, both legal and equitable, provided by law (including without limitation specific performance or mandamus); provided, however, the Local Authorities shall not be entitled to any punitive, incidental or consequential damages, whether arising at law, in equity or otherwise, and the Local Authorities' maximum right of recovery under this Agreement shall not exceed an amount equal to: (a) the cash incentives actually paid to the Company by a Local Authority, plus, in the case of the City only, (b) the amount due under the terms of the Company Note (the "Maximum Recovery"). Before pursuing any remedy hereunder for a Company Event of Default, the Local Authorities shall consider in good faith any extenuating circumstances or facts of which the Company advises the Local Authorities including, but not limited to, a material downturn in markets for products of the type produced and sold by the Company.

(c) If the Company Event of Default is attributed to a shortfall in the Capital Commitment under Section 2.2, the recovery by the Local Authority for such default shall be in an amount calculated as follows:

(i) If actual Capital Costs invested by the Company during the time period set forth in Section 2.2 are \$106,500,000 or greater, then the recovery amount shall be equal to: (Maximum Recovery) x (1 – (actual Capital Costs invested by the Company during the time period set forth in Section 2.2/\$142,000,000)); or

(ii) If actual Capital Costs invested by the Company during the time period set forth in Section 2.2 are less than \$106,500,000 then the recovery amount shall be equal to the Maximum Recovery.

Section 6.3 Remedies Subject to Applicable Law. All rights, remedies and powers provided in this Article VI may be exercised only to the extent the exercise thereof does not violate any applicable provision of law in the premises, and all the provisions of this Article VI are intended to be subject to all applicable mandatory provisions of law which may be controlling in the premises and to be limited to the extent necessary so that the same will not render this Agreement invalid or unenforceable.

ARTICLE VII MISCELLANEOUS PROVISIONS

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Section 7.1 Severability: Enforceability. If any term or provision hereof shall be determined by a court of competent jurisdiction to be illegal or invalid for any reason whatsoever, such provision shall be severed from this Agreement and shall not affect the validity of the remainder of this Agreement.

Section 7.2 Term. Unless sooner terminated in accordance with the terms hereof, the initial term of this Agreement shall expire on the last day of Project Year 12 (the "Term").

Section 7.3 Entire Agreement. This Agreement contains the entire agreement of the Parties regarding the transactions described herein, and there are no representations, oral or written, relating to the transactions described herein which have not been incorporated herein. Section 7.4 Counterparts: Assignment.

(a) This Agreement may be executed in two or more counterparts, each of which shall constitute but one and the same agreement.

(b) This Agreement is not assignable by any Party hereto except upon the written consent of the other Party hereto; provided, however, that the Company shall have the right at any time to assign all its rights and obligations in and to the Project and to transfer this Agreement or any part thereof to any financially solvent Affiliate of the Company that agrees to assume assigned obligations of the Company in and to the Project; and if so assigned, the Company shall continue to be responsible for the performance of the obligations of the assignee under this Agreement unless specifically excused therefrom by the Local Authorities, to be expressed in writing and signed by an authorized representative of each Local Authority.

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Section 7.9 No Waiver. No consent or waiver, express or implied, by any Party hereto to any breach or default by any other Party in the performance by such other Party of its obligations and commitments hereunder shall be valid unless in writing, and no such consent or waiver to or of one breach or default shall constitute a consent or waiver to or of any other breach or default in the performance by such other Party of the same or any other obligations or commitments of such Party hereunder. Failure on the part of any Party to complain of any act or failure to act of any other Party or to declare such other Party in default, irrespective of how long such failure continues, shall not constitute a waiver by such Party of its rights hereunder. The granting of any consent or approval in any one instance by or on behalf of any Party hereto shall be construed to be a waiver or limit the need for such consent in any other or subsequent instance.

Section 7.10 Venue.

(a) Subject to the provisions of Sections 6.1 and 6.2 of this Agreement, whenever any Party hereto shall default in the performance of any of its obligations or commitments under this Agreement, the other Party hereto may take whatever legal proceeding (including actions for damages or for specific performance to the extent provided by law) as shall be necessary or desirable to enforce any agreement or condition contained herein or any other obligation of the defaulting Party imposed by law. The Parties hereto recognize, and will not object to, an action for specific performance.

(b) Each of the Parties irrevocably submits to the jurisdiction of the Alabama state courts sitting in Limestone County, Alabama (collectively, the "Courts") over any suit, action or proceeding arising out of or relating to this Agreement or any transaction undertaken in connection therewith (an "Agreement Action"); and waives, to the fullest extent permitted by law, any objection or defense that such Party may now or hereafter have based on improper venue, lack of personal jurisdiction, inconvenience of forum or any similar matter in any Agreement Action brought in any of the Courts.

Section 7.11 No Partnership or Joint Venture. Nothing contained in this Agreement shall constitute or be construed to be a partnership or joint venture among the Parties and their respective permitted successors and assigns.

FORM OF COMPANY NOTE

\$14,500,000.00

_____, 2015
Huntsville, Alabama

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

FOR VALUE RECEIVED, the undersigned, **POLARIS INDUSTRIES INC.**, a Delaware corporation (the "Company"), hereby promises to pay the **CITY OF HUNTSVILLE**, a municipal corporation organized under the laws of the State of Alabama (the "City"), at 308 Fountain Circle, Huntsville, Alabama, or at such other place as the City may direct, in lawful money of the United States of America constituting legal tender in payment of all debts and dues, public and private, together with interest thereon calculated at the rate and in the manner set forth herein, the principal amount of up to **FOURTEEN MILLION FIVE HUNDRED THOUSAND AND NO/100 DOLLARS (\$14,500,000.00)**, in twelve (12) equal annual installments of \$1,208,333.33 (each, a "Principal Installment"), on the dates set forth below (such principal amount is subject to forgiveness and reinstatement as herein provided), with all principal from time to time outstanding hereunder to bear interest at a per annum rate of 3.50%. This Promissory Note (this "Note") is being issued and delivered by the Company to the City pursuant to that certain Project Development Agreement dated January____, 2015 (the "Development Agreement"), by and among the City, the Company and Limestone County, Alabama, a political subdivision of the State of Alabama. Capitalized terms used and not otherwise defined in this Note shall have the meaning given to them in the Development Agreement. References to exhibits not otherwise attached to this Note shall mean the exhibits attached to the Development Agreement.

1. Principal and Interest. Each Principal Installment shall be payable on a date that is 120 days after the end of each Project Year (each such date, a "Scheduled Payment Date"), together with all accrued and unpaid interest thereon (each such payment, a "Company Payment"); provided, however, for each Company Payment, if the Company fully satisfies the Jobs Commitment for the Project Year during the Jobs Commitment Period that immediately precedes the date on which such Company Payment is due, the Company Payment for such Project Year shall be fully forgiven (subject, however, to subsequent reinstatement as set forth in Section 2 below); and, provided further, that if the Company only partially satisfies the Jobs Commitment for the Project Year during the Jobs Commitment Period that precedes the date on which such Company Payment is due, the Company Payment for such Project Year shall be partially forgiven (subject, however, to subsequent reinstatement as set forth in Section 2 hereof) and the amount of such Company Payment shall be determined in accordance with the following:

(a) If the Jobs Commitment is not satisfied as a result of a shortfall in the cumulative Full-Time Employees at the Project Site (an "Employee Shortfall"), then an amount equal to $(\$1,208,333.33 + \text{accrued interest}) \times (1 - (\text{Certified Employment Level for the Project Year during the Jobs Commitment Period that precedes the date on which such Company Payment is due} / \text{Jobs Commitment listed on Exhibit C of the Development Agreement for the$

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Project Year during the Jobs Commitment Period that precedes the date on which such Company Payment is due)) (such payment, an "Employee Shortfall Payment");

(b) If the Jobs Commitment is not satisfied as a result of the failure of the Company to achieve the minimum Average Hourly Wage listed on Exhibit C (a "Wage Shortfall"), then an amount equal to $(\$1,208,333.33 + \text{accrued interest}) \times (1 - (\text{the Certified Average Wage achieved by the Company for the Project Year during the Jobs Commitment Period that precedes the date on which such Company Payment is due} / \text{the required Minimum Average Hourly Wage listed on Exhibit C of the Development Agreement for the Project Year during the Jobs Commitment Period that precedes the date on which such Company Payment is due}))$ (such payment, a "Wage Shortfall Payment");

(c) If the Jobs Commitment is not satisfied as a result of both an Employee Shortfall and a Wage Shortfall, then the Company Payment shall be the greater of the Employee Shortfall Payment or the Wage Shortfall Payment (but not both).

2. Reinstatement.

(a) If the Company closes the Project (other than to complete renovations, restoration or repairs), or relocates substantially all operations conducted at the Project to a location outside the corporate limits of the City prior to the end of the Company Note Period and before satisfying its Jobs Commitment under the Development Agreement, and provided there has been no Local Authorities Event of Default or a material default by the State under the State Project Agreement, then any Company Payments that have been previously forgiven hereunder (said difference, the "Reinstatement Amount") shall be automatically reinstated as of the date of such closure or relocation (the "Reinstatement Date"), and shall become due and payable as outstanding principal hereunder. Any Reinstatement Amounts shall bear interest at a rate of 3.50% per annum from the Reinstatement Date and, in all cases, whenever a Reinstatement Amount is computed or the remaining balance of the Company Note is computed, the Company shall receive 100% credit for any prior cash payments made against the Company Note and for any period of Local Authorities Event of Default, so that in no event shall the Company pay to the City any amount exceeding \$14,500,000 plus the agreed, accrued interest. The Company may cause this Note to be deemed paid in full if, within 180 days from the Reinstatement Date, the Company, at its own option:

(i) pays the City an amount equal to \$14,500,000, plus accrued interest on that portion of this payment constituting the Reinstatement Amount computed as aforesaid; or

(ii) conveys title to the Project Site to the City free and clear of any and all liens of any kind or other matters affecting title except for the Permitted Exceptions, with the statutory warranty deed conveying title to the City being accompanied by an owner's policy of title insurance paid by the Company and

issued by a title company reasonably acceptable to the City, and in an amount agreed to by the Company and the City equal to at least \$14,500,000.

(b) Should the Company fail to cause this Note to be deemed paid in full pursuant to options (i) or (ii) in paragraph (a) immediately above within 180 days following the Reinstatement Date, there shall immediately be owed as outstanding principal under this Note the sum of \$14,500,000, plus accrued interest thereon from the Reinstatement Date.

3. Prepayment. This Note shall be prepayable by the Company at any time during the Company Note Period upon not less than 5 business days' prior notice to the City (the date of prepayment, the "Prepayment Date") at and for a price equal to \$14,500,000, plus accrued interest to the Prepayment Date. In calculating the prepayment amount that shall satisfy this Note under this Section 3, the Company shall be given credit for all prior cash payments made against the Note under Sections 1 and 2 and, in no event, shall the Company be obligated to an amount that exceeds \$14,500,000, plus accrued interest to the Prepayment Date.

4. Additional Provisions Regarding Interest. Interest on all principal amounts outstanding from time to time hereunder shall be calculated on the basis of a 360-day year applied to the actual number of days upon which principal is outstanding commencing on the first day of Project Year 2 (and taking into account any principal amounts forgiven as provided herein), by multiplying the product of the principal amount and the applicable rate set forth herein by the actual number of days elapsed and dividing by 360.

5. Events of Default. Upon the occurrence of any one or more of the following events ("Events of Default"):

(a) default in the payment of the principal of or interest on this Note, as and when due and payable, and the continuance of such default for a period of 60 business days after receipt of written notice of such default from the City; or

(b) the occurrence of a Company Event of Default under the Development Agreement that materially impairs the ability of the Company to meet the Jobs Commitment or the Capital Commitment and which remains uncured after the cure period allowed under the terms of the Development Agreement or any extension thereof;

then, or at any time thereafter during the continuance of any such event, the City may, with written notice to Company, cause all forgiven Company Payments (or portions thereof) hereunder to be reinstated as outstanding principal and declare this Note to be immediately due and payable.

6. Waivers. The Company hereby waives demand, presentment for payment, notice of dishonor, protest and notice of protest and diligence in collection or bringing suit and agrees that the City may accept partial payment, or release or exchange security or collateral, without discharging or releasing any unreleased

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

collateral or the obligations evidenced hereby. The Company further waives any and all rights of exemption, both as to personal and real property, under the constitution or laws of the United States, the State of Alabama or any other state.

7. Attorneys' Fees. The Company agrees to pay reasonable attorneys' fees and costs incurred by the City in collecting or attempting to collect this Note, whether by suit or otherwise.

8. Miscellaneous. As used herein, the terms "Company" and "City" shall be deemed to include their respective successors, legal representatives and assigns, whether by voluntary action of the parties or by operation of law. This Note has been negotiated and is being executed and delivered in Huntsville, in the State of Alabama, or if executed elsewhere, shall become effective upon delivery by the Company to the City; provided, however, that the City shall have no obligation to give, nor shall the Company be entitled to receive, any notice of such acceptance for this Note to become a binding obligation of the Company. The Company hereby submits to jurisdiction in the State of Alabama. This Note shall be governed by and be construed in accordance with the laws of the State of Alabama governing interest, and the laws of the State of Alabama shall apply to this Note and to this transaction. This Note may not be modified except by written agreement signed by the Company and the City, or by their respective successors or assigns.

IN WITNESS WHEREOF, the Company has caused this Promissory Note to be executed, sealed and delivered as of the date first above written.

The Chairman asked if there was any discussion. Commissioner Ben Harrison stated that Polaris had chosen wisely because this area has a lot to offer in terms of workforce, quality of life, being a right to work state and low taxes. He said that his central issue is that incentives of this type rely on involuntary contribution of taxpayers instead of voluntary contributions of people that stand to gain the most. The Administrator called the roll. Steve Turner, aye; Jason Black, aye; Stanley Hill, aye; and Ben Harrison, nay. Motion carries.

MINUTES, LIMESTONE COUNTY COMMISSION, JANUARY 26, 2015

Commissioner Hill stated that Polaris is a good thing and will increase the tax base for Limestone County.

Commissioner Turner stated he was glad Polaris is coming to Limestone County. He said he hated there had to be so many entities pitching in and wished the county could have done it all on its own. He said that part of the commissioners' jobs is to ensure citizens have a place to work.

Commissioner Black stated that it is a quality of life issue and he hopes would be economically viable for years to come. He said that Limestone County is better for its decision made today.

Commissioner Harrison stated his vote was not against Polaris or the jobs the company would provide, but it should happen without the government.

Chairman Yarbrough thanked everyone for attending and said, "It's a great day for Limestone County." He stated that he was disappointed that Limestone's commitment to Polaris wasn't unanimous, considering the City of Huntsville voted unanimously to provide Polaris with more than \$18 million and expects the City of Athens and the City of Decatur to vote unanimously. He indicated that the tax base would increase exponentially, that jobs alone would inject \$75 million per year into the local economy that doesn't exist today.
