**MINUTES, LIMESTONE COUNTY COMMISSION, OCTOBER 1, 2018**

**ALABAMA DEPARTMENT OF YOUTH SERVICES  
AGENCY GRANT AGREEMENT  
Fiscal Year 2018 – 2019**

The Alabama Department of Youth Services hereby awards to

**Limestone County Commission**  
(Fiscal Agent, hereinafter called Recipient)

the amount of **Forty-four thousand one hundred and no/100 dollars (\$44,100.00)**

These funds shall be used for non-residential services for Limestone County youth who would otherwise be committed to the Department of Youth Services (DYS). As a result of the interventions funded by these monies, the parties expect that the county will eliminate commitments to DHS (including HIT), barring a significant increase in serious juvenile crime (i.e. violent felonies, felony sex offenses) by diverting **60+ youth annually, based on an average capacity of 15-18 youth, with an average length of participation of 16-20 weeks.**

These funds shall be utilized for the following purpose/activities:

*The Limestone County Youth Diversion Program provides assessments and treatment for juvenile offenders by providing group and individual counseling through the Intensive Outpatient Therapy program. Electronic monitoring allows juvenile offenders to be supervised at home and community service assignments allow juveniles to be held accountable for their offenses.*

The program that receives funding from this grant will:

- Serve youth who would have historically been committed to the Alabama Department of Youth Services (HIT or regular DHS) in the absence of the funded program. Specifically, this includes youth with the following characteristics:
  - Males / Females between the ages of 11-18
  - Delinquent youth with a medium or high risk of re-arrest, as determined by the risk assessment instrument available on the DHS website
- In order to ensure that the program only serves youth who would have otherwise been committed to DHS, youth with the following characteristics only will not be eligible for participation:
  - Youth charged with harassment, simple assault, or first-time misdemeanors, unless mitigating circumstances warrant involvement with the program.
- Be developed by or in collaboration with the **Limestone County Juvenile Court (LCJC)**;
- Conduct regular self-evaluations of program effectiveness, including evaluations that track outcomes for children served by the program;
- Maintain data on program participants as required in the DHS Grantee Information Management System database (GIMS) on a monthly basis.

## MINUTES, LIMESTONE COUNTY COMMISSION, OCTOBER 1, 2018

- Produce an annual report (required forms available on DYS website) by November 30, that includes the following information, at a minimum:
  - A narrative description of each program funded by the grant
  - Annual summary of participant data
  - A description of the program's efforts to evaluate its own effectiveness, along with a summary of the results of all such evaluations.
- Each such completed annual report shall be made available to the Alabama Department of Youth Services, in addition to quarterly reports (if requested by DYS). Decisions about renewing grants may be made based on the courts' ability to show through these reports that the funds have been effective in diverting youth from commitment to DYS or HIT.

Both **LCJC** and DYS acknowledge that this Award may be terminated at will by **LCJC** or DYS for any reason. Any funds remaining from the award shall be returned to DYS upon the termination of said award.

The grant award contained herein is payable in installments, subject to the availability of funds and adjustments by the Alabama Department of Youth Services, as it deems necessary or advisable. All parties agree that prior year funds and/or Medicaid funds may be available to fund this program and have and/or will be applied to the total grant award. Any unexpended grant fund amounts shall be reported to DYS no later than November 1<sup>st</sup>. Nothing contained herein shall be deemed to be a debt of the State of Alabama in the contravention of the laws and constitution of the State of Alabama.

By signing this agreement, the contracting parties, including sub-contractors, agree that representatives of the Department of Youth Services will conduct site visits (both announced and unannounced), and that all records pertaining to the program will be made available for review. Program records will also be subject to a financial review.

The Recipient or its designee shall administer the services for which this grant is awarded, in accordance with the grant application, and applicable rules, regulations and conditions as set forth by the Department. This agreement extends the prior year agreement for one additional year. Nothing contained herein shall be deemed to be a debt of the State of Alabama in the contravention of the laws and constitution of the State of Alabama.

By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

## MINUTES, LIMESTONE COUNTY COMMISSION, OCTOBER 1, 2018

Chairman Yarbrough announced a Public Hearing is scheduled for October 15, 2018 at 10:00 a.m. in conjunction with the regular commission meeting to receive comments relative the proposed action to rename Seaman Road to Big Creek Road.

**MOTION** was made by Ben Harrison and seconded by Jason Black to open the public hearing regarding the Public Hearing Called to Order to receive comments relative to the proposed action to renew cable franchise agreement with Charter Communications.

The Chairman asked if there was any discussion. There was no discussion. The Administrator called the roll. Ben Harrison, aye; Jason Black, aye; Stanley Hill, aye; and Steve Turner, aye. Motion carries unanimously.

The following comments were received relative to the proposed action regarding the renewal of the Charter Communications cable franchise agreements.

Gary VanWagnen, 13093 St. Andrews Drive, Athens. As the county looks to renew its cable franchise, a much stronger commitment is required to connect to the mostly rural sections of our county. As a parent, our kids need to get the opportunity other kids have. As a developer, I virtually cannot sell lots because they say you have electricity and water, but you do not have internet that is a basic utility, a fundamental. First, I ask the Commission to obtain a commitment from the provider to demonstrate a buildout in the rural and developing areas of our county over some reasonable time frame, recognizing this is a business case. Secondly, for a point of contact be established with the provider. Thirdly, establish check points to monitor progress. Finally, encourage the Commission to look for available grants for the unserved areas.

Tim Bauer, 15164 Spring Lake Drive, Athens. There are 17 homes in the neighborhood and we don't have an option for cable or internet. I mirror what Mr. VanWagnen said, I would like for the Commission to consider requiring the provider to expand its coverage. We have school children in the neighborhood that need internet access to do their homework. It would help us grow in this new century for Charter to expand its coverage in the unserved areas.

Kyle Bridgeforth, P.O. Box 282, Tanner. I ask for highspeed internet access in our community located on the south end of Lucas Ferry Road and Settles Road that have internet access. If Charter would commit and build internet access for the Bridgeforth Road community, it would complete the loop. We have several homes and families with students that need internet access. We have a thriving agricultural business that absolutely need it. For years, we had some of our peers and other competitors from other states surpass us simply because of their highspeed data access. We work a global agriculture market to make sales to people across the world. We host delegates and other groups on the farm, and without internet access there is no ability to give presentations or share data. We deal with a lot of issues with not being able to have accurate data because of low internet speeds. We need a hard-lined highspeed source for our equipment. If you would make sure Charter builds in our area, it would be beneficial for the farm and the community.

## MINUTES, LIMESTONE COUNTY COMMISSION, OCTOBER 1, 2018

Lenwood Herron, on behalf of the residents on Bridgeforth Road. The Commission is the gatekeeper for the growth, future and economic development of this county. One of the first things asked when recruiting industrial development, is do you have highspeed telecommunications. Limestone County is primed for an explosion and highspeed internet would be a necessity as north Alabama's industrial boom continues. With 4,000 jobs coming to the Greenbrier area, you're in for a massive economic push in Tanner and all the area south. Efforts to expand highspeed internet should focus on extending network infrastructure to underserved rural communities such as Bridgeforth Road.

Robert Smith, Sr. Manager, Governmental Affairs for Charter Communications. There is an effort to map out what parts of the county are not currently being served. It's a costly process that cost approximately \$14,000 to go from pole to pole. We're not a utility; we invest our own money to build a cable company. We don't receive incentives from the state or federal government. We hire our employees from here, they pay taxes here, they pay bills here, they educate their families off their salaries. We want to serve the county, but there are cost restrictions. I am leaving my business cards for the Commission and those that spoke to contact me. I want to be that advocate for you.

### Report of Officers:

Commissioner Hill stated that highspeed internet is important for our school children and industrial development. Going forward we should have a contact person that can be called. He reported his district is performing routine maintenance. He announced the Harvest Road project has been delayed to spring. The new bridge on Redus Hollow Road should be opening in the first part of October.

Commissioner Turner stated the Commission recognizes the importance of having highspeed internet. There are areas at East Limestone, just 10 miles from Redstone Arsenal, that are lacking internet service. Limestone County should not be struggling to get internet access to its citizens. He reported the county is continuing to have a problem with signs being placed on the county right-of ways. Limestone County has a local act that governs signs on the county right-of-way and said he would be glad to furnish anyone a copy. As keepers of the county right-of-way we are responsible for maintaining. When a tractor operator must get off to move a sign it cost time, not to mention the signs look unsightly. He reiterated that signs will be removed from the county right-of-way.

Commissioner Black talked about the broadband incentives by Senator Clay Scofield passed in the 2018 Legislative session that establishes a grant program to encourage the expansion of broadband services into rural Alabama. He said the county's students are being sent home with MacBook's and are having to drive due to the lack of internet access. We're essentially sending a text book home with no words on the paper. It is a necessity for our kids to excel and get a good education. We want all county residents to have internet accessibility. He reported his district is having a problem with people

## MINUTES, LIMESTONE COUNTY COMMISSION, OCTOBER 1, 2018

parking cars and putting decorations in front of their houses on the county right-of-way. The right-of-way is a safety zone and access for the county to be able to use.

Commissioner Harrison stated he had talked AT&T U-Verse a couple of years ago about their cost structure and why some people cannot get U-Verse when someone 100' down the road has access. They have different modules and it is a \$250,000 piece of equipment for each module and when it's fully populated, it's another \$250,000 to serve 100 customers. It's a low percentage of utilization of the equipment. He said he didn't know if Charter's cost structure was similar. He would like to know what the barriers are to fill the gaps. He would like to sit down with Charter and go through the issues to get a better understanding, see what the county do whether it's legislation or grants to get highspeed internet in the underserved areas. He said the county franchise agreements are nonexclusive, AT&T and Mediacom have some of the same issues as Charter, and they are only going to do this if it makes economic sense. He reported his district is performing some rehabilitation on some gravel roads, portions of Shelton Road and Sugar Creek Road, and prepping Belly Hill Road for chip seal.

Chairman Yarbrough urged the Commission to consider the following points when considering the franchise agreement. Charter is a business and is not going to do business if they lose money. Highspeed internet is a necessity to educating our children on up. It is important to have a point of contact. Charter pays a 5% franchise fee to the county, maybe the Commission could consider cutting the franchise fee to 2.5% to assist in getting internet to the underserved areas. He reiterated that the franchise agreement is nonexclusive, it allows a company to provide a service in Limestone County.

Commission Meeting adjourned at 10:53 a.m. until 10:00 a.m. on Wednesday, October 10, 2018 at the Washington Street Courthouse Annex, 310 West Washington Street, Athens, Alabama.
